

Vote for me

SYP Scottish Youths Parliament

Snaha Sajjad

Hello Everyone!

Hi everyone! My name is Snaha, I am 16 years old, and I'm standing to be your next Member of the Scottish Youth Parliament. As a student here, I see the everyday challenges we all face. Some of you might know me some not but that's alright. I volunteer in school speaking and in the Pupil Parliament, or working with our school's Eco System group. The Scottish Youth Parliament is our direct link to real decision-makers and politicians. If you elect me, I promise to use that platform to shout about the things that matter to us. I am approachable, I am a great listener, and most importantly, if you ever have any issues, worries, or ideas, I will always listen and do my absolute best to help you solve them.

Why am I running for mysp

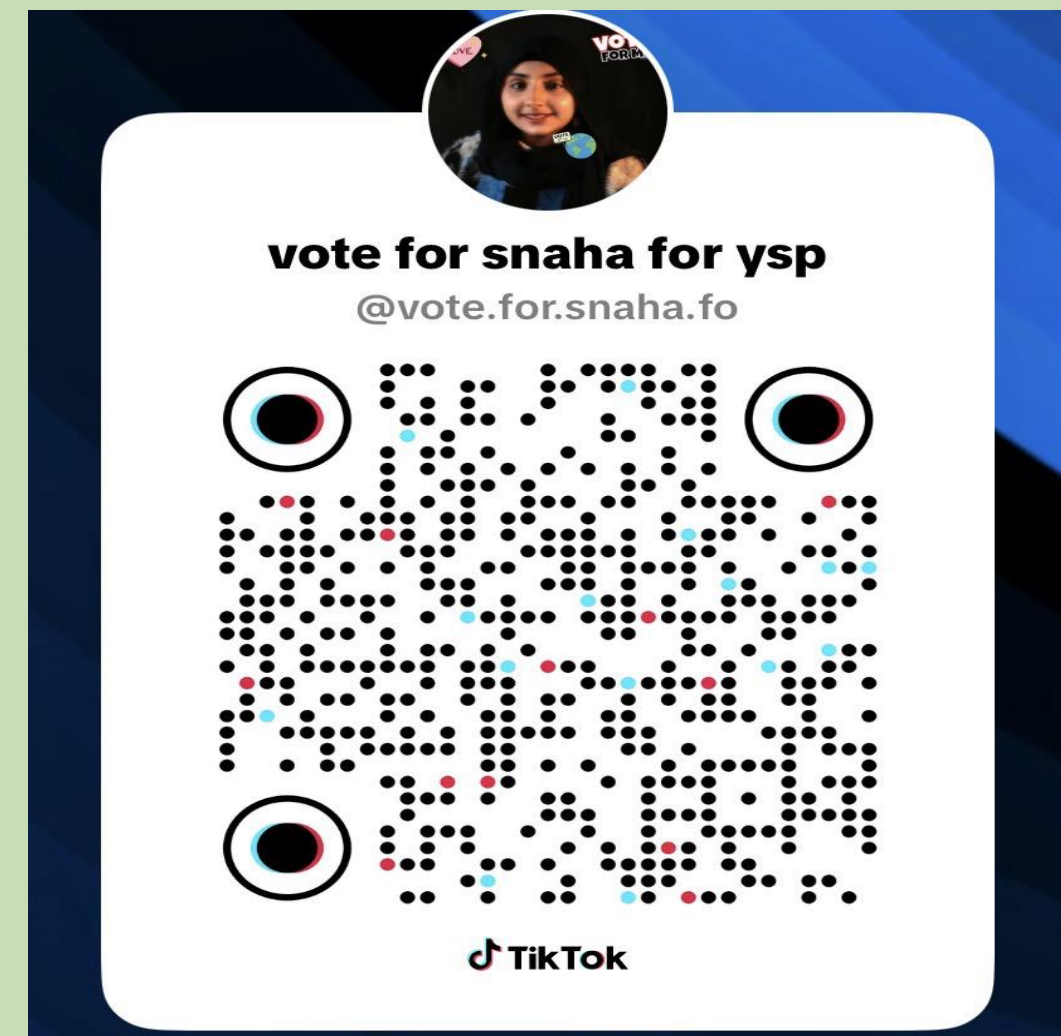

I am running because I believe young people in our community deserve a real champion. Being a student here, I see the everyday pressures we all face, and I want to turn our shared challenges into real action.

I want to use the Scottish Youth Parliament as a megaphone for your voices. I am running to make sure we get the mental health support we need in our schools, to fight for greener local spaces that we can actually enjoy, and to make sure there are strong job and training opportunities waiting for us when we leave school. Our future matters, and I am running to make sure the people in power never ignore us."

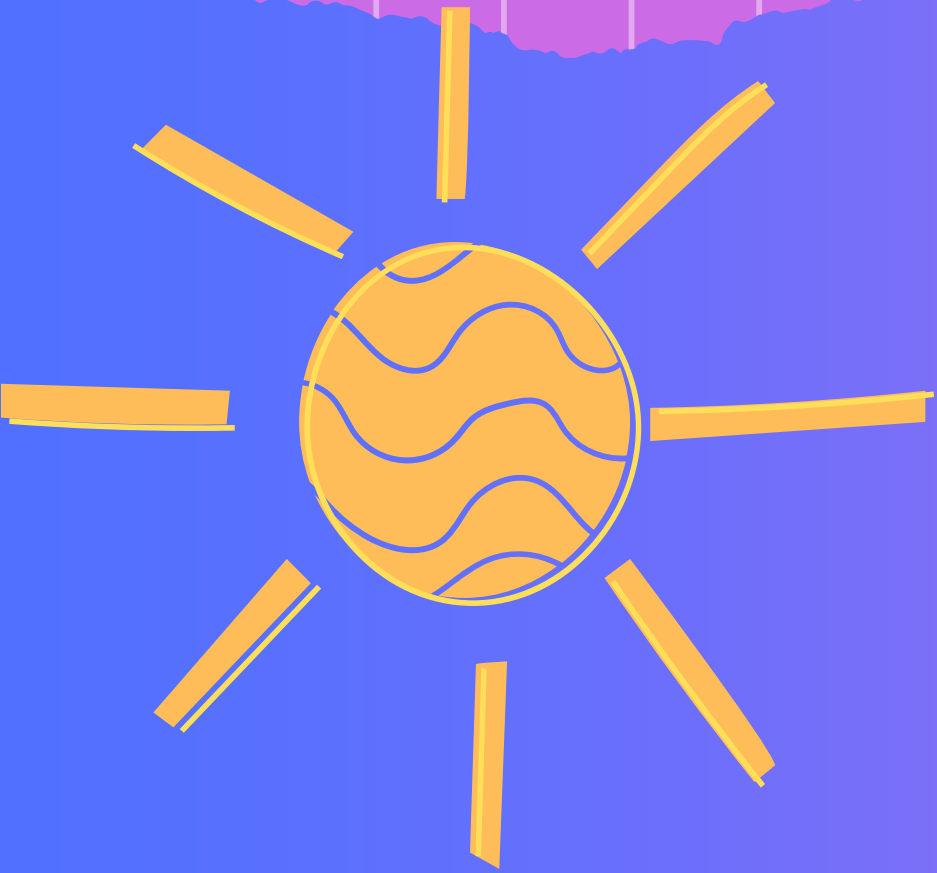

Why you should vote for me ?

You should vote for me because I'm not just making promises—I already have the experience to deliver. Through my work in the Pupil Parliament, our Eco System group, and local charities, I've proven that I know how to stand up for our community and get things done. I will not just sit in meetings; I will actively work to bring better mental health resources, greener local spaces, and stronger job opportunities directly to our area. I am in the corridors with you every day, and I am ready to take our real issues straight to the people in power. A vote for me is a vote for someone who will always listen and always stand up for you."
