

GLASGOW PROVAN

year 2025

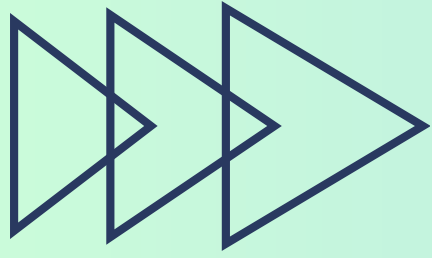

MSYP

manifesto

by: ADAM HOWIE

adam howie

campaign overview

#adam4provan

My Mission:

My mission as MSYP is, to represent and amplify the voices of young people across Glasgow Provan, ensuring our needs and ideas are at the heart of local and national decisions.

I'll focus on improving communal spaces, access to opportunities aswell as more support for young people throughout education, and building stronger, more inclusive communities.

Why I'm Running:

I am running for MSYP to represent the voices of young people across Glasgow Provan and ensure that our opinions, experiences, and ideas are taken seriously on a national scale.

Young people are left out of conversations that directly impact us too often. I want to change that by bringing forward the issues that matter most to my constituency.

communal goals

#adam4provan

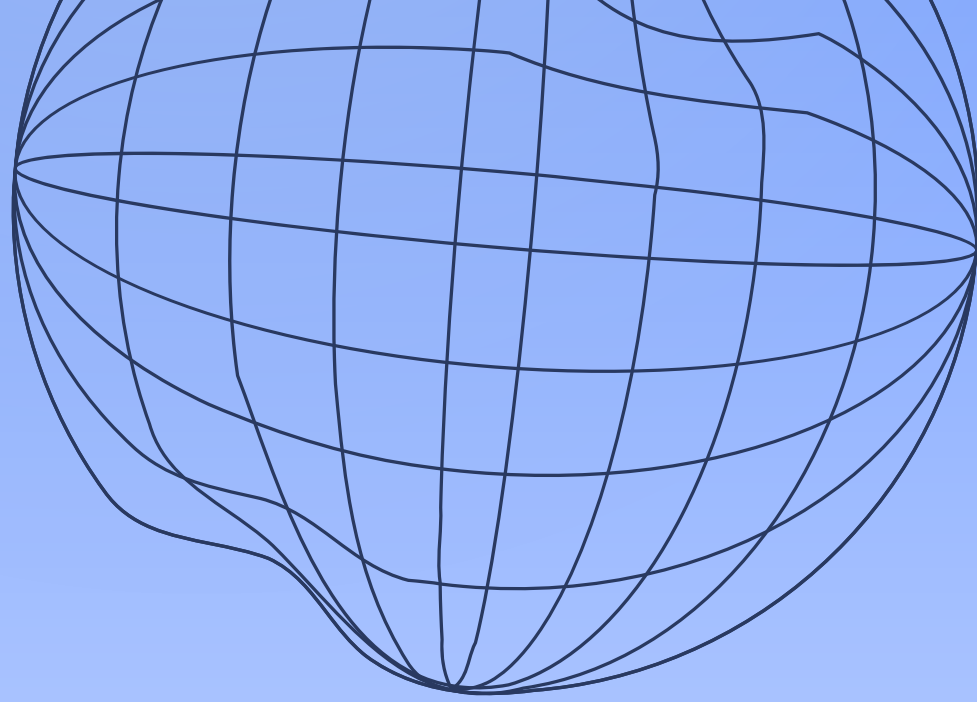

Throughout my term as MSYP, i have visions for community development.

My campaign has a strong focus on working with established youth groups for feedback, and oppurtunities for the local community.

With high-hopes, I predict that local youth groups can recieve more investment to put into the region - providing support for those who need it.

#building communities

the process.
